MAUI ARRANGES FOR RACING DAYS

Honolulu and Hilo Horsemen to be Invited to Compete.

ARRANGEMENTS MADE AT AN ANNUAL MEETING

Wants Band to Make Another Visit to Piilani's Abode.—Geo. Hons Resigns as Secretary.

Waialuku, May 10.—The annual meeting of the Maui Racing Association was held at the Waialuku courthouse last Wednesday evening. President A. N. Kepoikai called the meeting to order at 7:30 o'clock. There was a large attendance of members and the sports-loving public of Waialuku and vicinity. Treasurer D. L. Meyer presented his report showing a balance on hand of over \$300. The report was approved. The resignation of Secretary Geo. Hons was read and accepted with regret. Mr. Hons had served faithfully for many years in that capacity, but owing to his present state of health, the meeting accepted his resignation but with great reluctance. The following officers were elected:

President, A. N. Kepoikai. Vice President, W. L. Decoto. Secretary, D. L. Meyer. Treasurer, Jas. L. Coke. Executive Committee.—L. M. Baldwin (chairman), M. L. Decker and W. T. Robinson.

A great deal of the time of the meeting was taken up by exhaustive discussion on the program for Fourth of July and the 12th of August races at Spreckels park, Kahului. It was agreed that the purses for the Fourth of July races should not exceed \$500, these ranging from \$50 to \$75 for running and trotting races.

While a good time is expected on that day, yet the sports will be limited to races between second rate horses. Natives, Portuguese and Japanese will enter their favorite animals. The association will see, however, that there will be some really good races of island bred horses and the spectators will get their money's worth.

A committee consisting of President A. N. Kepoikai, W. L. Decoto, G. B.

Robertson and L. M. Baldwin was authorized to call on Messrs. C. B. Wells, H. P. Baldwin and other plantation managers to get their assurance that the various plantations under their respective management, will not work on August 12. The committee will see the managers today.

It is the wish of the association to make the 12th of August races worth the while of owners of blooded stock both in Honolulu and Hilo to bring their racers to Kahului on that day. Prizes amounting to \$1250 and ranging from \$100 to \$400, will be offered if the managers will agree to let their employees go on that day. The purses are indeed enticing and ought to be sufficient inducement to bring the best horses to Kahului.

Messrs. G. B. Robertson, J. L. Coke and T. B. Lyons spoke favorably on the proposition, and their oratory was so effective that the meeting decided to make the 12th of August a big day in Kahului, providing the various managers will give their consent. It is not doubted, however, that they will readily agree to the proposition, for their men would really appreciate a cessation of labor on that day and give their attention to pleasure within reasonable bounds.

Arrangements for chartering steamers from Honolulu will likewise be made and probably the band will be asked to come too. The newly appointed committee will go ahead and put the track and fence in good condition for there is sufficient surplus money on hand to put everything in first class condition. The Maui Racing Association has new blood among its members, who wish a revival of the old good times of former years when excellent races were held at Spreckels Park.

THE CABLE LANDING

S. S. Dickenson, agent for the Mackay Cable Company, has met with difficulties here in the matter of locating a cable landing so that it will be necessary for him to return to the Mainland for the purpose of learning the draught of the vessel that is to bring the cable to Hawaii and of settling other mechanical matters in connection with the cable landing.

Surveyor General Wall and Mr. Dickenson were out in the direction of Koko Head Saturday and returned in the afternoon.

During this trip they examined the bay at Hanalei, not Honoumua as reported by the Advertiser. There the cable agent found the same conditions as he had the day before out in the direction of Diamond Head. He was not at all pleased with the locations, as the coral to be found on all hands was a distinct menace to the cable, should it be laid over any of the places seen.

The cable ships draw from thirty to thirty-two feet of water, which would make it impossible for them, on account of the shoal water so far out from shore, to advance as close in as would be necessary in order to lay the cable successfully.

Mr. Dickenson will leave for the Coast in the Sierra in order to make arrangements for overcoming the obstacle which he has met with during his trips to various parts of the island for the purpose of securing a favorable site for the landing of the cable. He will not be away long and will undoubtedly return to Honolulu fully prepared to cope with the difficulty. After he has finished his work here, he will go to Hilo for the purpose of seeing whether or no it will pay the company to send out a branch of the cable to that place.

YOUNG PEOPLE ENTERTAIN.

Nalehu, Kau, May 10.—Pahala's young folks gave an entertainment about a week ago at the school house. The young people of Nalehu, Hilo and Honoumua paid the district the honor to attend and all certainly did have a good time.

Letter To Bishop Gulstan FROM BOARD OF HEALTH On Father Wendelin Affair

At a special meeting of the Board of Health, called for the purpose of discussing the letter of the Bishop of Honolulu, the following draft of a reply was adopted. The minutes of the special meeting having been passed at a later meeting, the communication has become public property.

Honolulu, T. H., May 7, 1902.
Rt. Rev. Rupert Gulstan, Bishop of Honolulu.

Rt. Rev. Sir:—In answer to your communication of the 30th day of April, 1902, the Board having taken the same under consideration at a Board meeting held on the 7th day of May, 1902, in Honolulu, beg to submit the following points:

The Board having determined that the welfare and harmony of the Leper Settlement would be promoted by the removal of Father Wendelin, has not, out of courtesy to the Catholic Mission and in appreciation of the good the Mission is doing generally at the Settlement, exercised its own power of removal, but has requested yourself, the superior of Father Wendelin, to do so. In answer to the request you have refused to remove Father Wendelin, who is a persona non grata to the Board. The Board is therefore driven to the only remaining alternative, the exercise of its own powers.

This would end the matter were it not that you have made certain statements in your letter which ought to be answered, lest grave and serious misunderstandings and uncertainties follow hereafter.

It should be clearly pointed out therefore that the Board of Health has been, and continues to be, the sole judge of what is for the harmony and good government of the Settlement, and is amenable in its actions only to the Governor and the Legislature of the Territory, and to no other superior.

By law the Board is invested with a very wide and complete power over every person at the Settlement, with good reason too, for if, under any circumstances whatsoever, such power may be put in issue, the object of the Settlement, segregation, is defeated.

If any person, for any reason whatsoever, at any time or under any conditions, can say to the Board of Health, "You cannot exercise this power in this case," the power of the Board to enforce complete segregation is defeated. The statute therefore wisely provides:

"No person, not being a leper, shall be allowed to visit or remain upon any land, place or enclosure set apart by the Board of Health for isolation and confinement of lepers without the written permission of the President of the Board or some officer authorized thereunto by the Board of Health, under any circumstances whatever, or any person found upon such land, place or enclosure, without a written permission, shall, upon conviction thereof before any district magistrate, be fined in a sum of not less than ten nor more than one hundred dollars for such offense, and in default of payment to be imprisoned at hard labor until the fine and costs of court are discharged in due course of law." P. L. Sec. 92.

Not only is the Board vested with the discretion and authority, but the statute is so explicit and the charge of such a public nature that the Board can in no manner waive either the discretion or authority or means of carrying out the same.

You state in your letter that you have been "permitted" to establish a mission at the Settlement, a church, school and residence buildings, and to send teachers and preachers there. The

fact you are "permitted" seems to be only partially understood. It should be pointed out therefore that the Catholic Mission can never get away from the fact "that it is permitted;" that it cannot acquire any right except subject to permission, and also that there can be but one authority at the Settlement, the authority of the Government of the Territory of Hawaii. Any encroachment of this authority, or upon the Board's control of the Settlement and property, however slight should be met by measures on the part of the Government and of the Board of Health conformable to the nature, importance and insistence of such encroachment.

You contend that we cannot ask you to remove Father Wendelin without charges. Can you make yourself the judge of whether we ought to dismiss Father Wendelin? We submit not. Such would be an interference with our discretion which we believe you surely would not seriously contemplate. It is sufficient if the Board states to you that your subordinate is no longer a desirable person at the Settlement from the standpoint of the Board of Health. Upon such statement it is then a matter of your own choice whether you will or will not accede to the Board's request.

Before the Board, is Father Wendelin entitled to have charges preferred and proven? He is not an employee of the Board, nor is he a kokua at the Settlement. By the statute kokua may only be persons who are husbands or wives of lepers segregated at Kalaupapa, P. L. 239. He is simply a person allowed to visit and remain at the Settlement just so long as his residence there is acceptable to the Board, and in their opinion conducive to the welfare of the Settlement.

In this case the conclusions and acts of the Board as to dismissal are with- out question.

Judge Gear had been able to try but two equity cases.

There was no reason for any special order on the case at bar. While Judge Robinson was sitting the case could not be tried. Neither Judge Humphreys nor himself could try cases this term.

Mr. Bittling wanted to say a word, when he was reminded that a general invitation to the bar to argue the question had been given and he had not embraced the opportunity.

"How are we going to satisfy our clients?" Mr. Bittling persisted. Judge Gear could not help their clients, but again suggested a continuous session by special terms. He further recommended the attorneys to see that the Legislature enact specific authority for the end desired.

Mr. Bittling remarked that there was no excuse they could give their clients but to "cuss the court."

Judge Gear responded that such was a lawyer's prerogative. "Can a meeting of your clients and 'cuss the court' for twenty-four hours. I can assure you there will be no citation for contempt on this occasion. If anyone has an equity case for trial we will hear it."

KAU IS WROUGHT UP

N) FU'THER MURDERS BUT FEATHER SUIT PROMISED

Very Much Disappointed Over Now Arrival of High Sheriff—Kaimana Poisoning Case Quiescent.

Troubles seem never to cease in Kau. Many people are very much wrought up over the failure of High Sheriff Brown to extend his trip beyond Kapapala ranch, and although a conviction has been secured in one of the recent murder cases the correspondence from the district continues to be of a lively character. The Kaimana poisoning case is still ranking on account of failure to make any arrests in connection with the affair. A Bulletin correspondent writes:

"The man in whose house Kaimana died was advised by a big Honolulu kahuna imported for the occasion to kill a pig in celebration of his narrow escape, saying, 'you have been very near death and should now show your joy. I have frightened your enemies by the anaana.'"

There also seems to be something new on the tapis judging from the following excerpt from correspondence sent to the Bulletin:

"Look out for a new sensation from Waiohine in this district. Not a murder this time but something in many ways as bad. A certain party will have a suit of fur and feathers if he doesn't quit the vicinity."

SHERIFF IS PLEASED

WITH POLICE AFFAIRS ON ISLAND OF HAWAII

Kau Murders Cases Almost Cleared Up

—Fugihara Cut of Country Missed All Fun.

High Sheriff Brown was at the police station this forenoon, hard at work again after his trip to the Big Island, during which he made a complete tour of the various districts for the purpose of inspecting and finding out the condition of the police force on Hawaii. He returns to Honolulu to find the department here in excellent condition, due to the painstaking care of Deputy Sheriff Chillingworth, his able aide, during his absence. Mr. Brown, in speaking of his trip to Hawaii, had the following to say:

"I wish to say that the police affairs on the Big Island are in excellent shape just at the present time and I am well satisfied with what is being done. I made a stay of a week in the District of Kau and found things there in a most satisfactory state. The new deputy sheriff of the district, Mr. Martin, who was just recently appointed to that office, is doing very well. He has the backing of the community and will undoubtedly prove a valuable man."

"I am pleased to say that there is only one of the murder cases now under investigation, two having been settled already. You know, of course, that the native and Japanese in these cases are now serving time in Oahu jail. The other case, you will remember, was one in which another Japanese was murdered. The suspected native was taken to Kohala for trial and was acquitted. The police are still working on the case and I have hopes that the guilty party or parties will soon be caught."

"The Japanese, Fugihara, who escaped from Hilo jail some months ago, is still at large and the police seem to think that he has already made his way out of the country and is probably now in Japan."

"I had a very pleasant time on Hawaii, although I missed all the fun by finding it necessary to leave just at the time when fun was brewing. I left Kapapala ranch on the day that Manager Julian Monsarrat took all his men and went up into the mountains after cattle and at Waimea I left on the very day that Manager Fred Carter had ordered a big cattle drive."

MASS MEETING ON WENDELIN MATTER

Set For Friday Night In Emma Square.

CATHOLICS MASSING FOR ACTIVE CAMPAIGN

Ministerial Union To Take a Hand—Sympathy With Position of Catholics—Cooper Will Not Talk.

As a result of the action taken at the meeting of Catholics last night, Chairman Quinn is at present interviewing various persons to have them serve on the general committee of nine which is to have in charge the circulation of the petition which is to be sent to Acting Governor Cooper to request him to take steps to prevent the Board of Health from removing Father Wendelin from the leper settlement.

Several prominent men, Catholics as well as non-Catholics, have already been seen and have signified their willingness to serve on the committee and to attend to the circulation of the petition and the gathering of signatures. The formal nomination of the committee will take place on Friday evening, when a public mass meeting will be held in Emma Square to discuss the whole matter and to decide upon definite action to be taken.

Tonight the Catholic Benevolent Union will have a meeting in the Catholic hall on the Mission grounds. At this meeting the Wendelin matter will be taken up and a committee will be appointed to serve for the union in conjunction with the general committee. The public, non-Catholics and Catholics, are invited to attend this meeting.
